I posted this last week on my DSimms page but I forgot to post it on the group. Which is lame as this was the best thing to show off how
much I want to play this game. I'm not working on it as much but I think it's more of a rainy day project when the sun is going down and you just don't want to spend time doing anything. Basically, I love this game...I know, it's a damned shame. If I'm lucky, I may still get a copy of this game for my birthday on the 17th
