The glycoproteins, concanavalin A (Con A) and soybean lectin (SBL), belong to the same family of mannose-binding lectins and have some similarities in the biochemical and immunological properties. A method for the synthesis of heterosubunits, (Con A)₂ and (SBL)₂, which retain their biological activity and specific binding properties has been developed. The conjugates obtained were isolated and characterized with respect to the composition of the carbohydrate residues and the terminal N-acetylglucosamine. The conjugates possess higher specific activity than native lectins and retain some of the distinguishing binding properties of the parent lectins.Iain Cook Iain Cook (born 16 September 1987) is a Scottish professional rugby union player. Cook started playing for Glasgow Warriors in the 2007-2008 season. After the 2009-2010 season he was called up to the Scotland team, and played in the International Tests against Wales, and France. He signed for Munster Rugby from the 2013-2014 season, signing a two year deal. He signed for the Edinburgh squad on a three year deal starting from the 2014-2015 season.
