System Requirements:

Requires an Internet connection and installed Warframe Mod manager (Windows) or Pipeworks mod manager (mac/Linux).
Audio Requirements: Sound Card: A PC sound card with a minimum of 32 channels and stereo output is recommended. If you have a lower-end card, you may experience some sound drop-outs at certain times during gameplay. If you're on Mac, we suggest using a USB audio device to connect your computer to a proper sound card (otherwise your computer will produce loud hissing noises). If you'
