We all know the words: "Think of time as a tape" - and often adhere to this model. In addition, we know that if you do not think about the goal, you will not achieve it. According to this model, our thoughts do not give us the energy that we could have if we were fully concentrated on the current task.

Forecast: The Internet Revolution offers a completely different perspective on productivity and efficiency, and the concept can be applied to managing your time, even in areas that are traditionally considered "idle". Thus, we, my readers, become completely different
